

**Applications should be postmarked by January 14, 2012 by the Science Teacher.**

Late applications will be considered to the extent that space is available.

### Section I: Personal Information

---

Name of Student: \_\_\_\_\_ M \_\_\_\_\_ F \_\_\_\_\_  
(LAST) (FIRST) (M.I.)

Home Address: \_\_\_\_\_  
(STREET NUMBER/NAME) (CITY) (ZIP CODE)

Telephone Number: \_\_\_\_\_ Date of Birth: \_\_\_\_\_  
(MONTH/DAY/YEAR)

School Now Attending: \_\_\_\_\_

### SECTION II: Admission to Padua Franciscan High School

---

You must apply for regular admission to Padua Franciscan High School. For additional details see [www.paduafranciscan.com/admissions](http://www.paduafranciscan.com/admissions). The process will vary based on whether you are currently attending a Diocesan grade school. In order to be fully considered for the MedTrack program, you must select Padua as your first choice on the Diocesan application.

### SECTION III: Padua Placement Test Scores and Grade School Math & Science Record

---

You must register for and take the Padua Placement Test offered on either November 19 or December 3, 2011 in order to be eligible for MedTrack consideration during the priority review process, as well as qualify for Padua academic scholarships. The most successful MedTrack applicants will score in the 70th percentile or higher on this Placement Test and have at least an A- average in 7th and 8th grade science and math courses. These guidelines are published to help you assess your likelihood of admission, but do not set a minimum requirement for admission, nor guarantee acceptance. If your academic credentials are close to these guidelines, you are still encouraged to apply so that your entire application and academic history can be evaluated. All qualified candidates' applications will receive full consideration.

### SECTION IV: Science Teacher Recommendation

---

You must provide a recommendation from your 7th or 8th grade science teacher. First, complete this entire application (pages 1-3), including required signatures. Next, provide the entire application to your 7th or 8th grade science teacher along with a stamped envelope addressed to Padua Franciscan High School, Attention MedTrack, 6740 State Road, Parma, Ohio 44134. Your teacher must complete the last page, and mail the application directly to Padua by January 14, 2012 for priority consideration. You will not receive your application back once you have submitted it to your science teacher for their recommendation.

### SECTION V: Acknowledgments

---

I hereby affirm that I wish to be considered for admission to the MedTrack program and that all submitted information is accurate.

STUDENT NAME \_\_\_\_\_

**SECTION VI: Why MedTrack?**

Explain in your own words why you want to join the MedTrack program. Include your area(s) of interest, your motivation for considering the healthcare profession, and what you hope to achieve from MedTrack. Your answer must fit into the space provided (whether hand-printed, typed, or word-processed and pasted into the allotted space).

Lined writing area for student response.

STUDENT NAME \_\_\_\_\_

**SECTION VII: Additional Science/Healthcare Activities**

Please describe in detail your participation in any science and/or healthcare-related activities, such as Science Clubs, Science Fairs (include summary of project and awards won, if any), or relevant service projects. Your answer must fit into the space provided (whether hand-printed, typed, or word-processed and pasted into the allotted space).

Note that lack of participation in these activities is not an automatic barrier to MedTrack admission, though it is a component of our decision-making process.

Lined writing area for student response.
