**Won't you consider joining them?** The Padua 1K Club was created in 2008 to help keep a Padua education accessible to all those who seek it. Members commit to an annual level of giving of \$1,000 or more for the program of their choice. Whether for direct student support or other academic or extracurricular programs, all contributions improve our bottom line – ultimately translating into greater affordability for our families and stronger school.

Membership in PIK is well within your reach. For less than \$20 per week, you can be counted among the Club's first one thousand members. Potential gifts can be structured in any way that is convenient for you, including quarterly or other specific payment schedules. To learn more about the Padua 1K Club, including membership benefits, contact Laurie Grabowski at 440.845.2444 x171 or [lgrabowski@paduafranciscan.com](mailto:lgrabowski@paduafranciscan.com).
