Dance Team AND Color Guard Clinic!

Price of 1!***

February 20, 2012 from 8am-2:30pm in the Padua Gym!

Our clinic experience is a great way for students to get official training from Padua's own current auxiliary squads in preparation for auditions in the spring. If you are at all interested in joining Padua's Dance Team or Color Guard, the joint clinic is an excellent place to start. It is not mandatory for the spring audition process, but you will learn the basics of dance, routines, flag twirling and a host of other skills that will help you determine which squad is right for you and give you a leg-up come audition season!
