

Padua Franciscan High School 2020-2021

HYBRID OPENING PLAN

As we, at Padua Franciscan continue to monitor the COVID-19 pandemic in our area we have decided to create a hybrid model to provide an additional level of response for the most safe and successful return to school. This hybrid model will allow us to gradually re-enter the building with numbers that are beyond the highest level of social distancing recommendations, while at the same time ensuring students have the all-important opportunity for educational and social connectivity with their teachers and peers. We believe that this model will set us up for the greatest success to return to full 5 day a week in-person learning as soon as possible.
