COVID-19 Response

Throughout the 2020-2021 school year, Padua Franciscan High School provided daily in-person learning as well as synchronous online learning that mirrored our traditional school schedule. As individuals were required to quarantine/isolate due to illness, synchronous online learning allowed for continued daily instruction and learning for those well enough to participate. For this reason, it was determined that our students would continue to receive letter grades for each semester. As always, students' grades were earned based on their performance, not simply given for attendance. While synchronous learning challenged both the students and teachers, we have full confidence in both the content that was delivered as well as the grades that were earned. We appreciate your consideration as you evaluate academic records of the Class of 2023.
