Notes

1. Mr. Shuman came to thank parents but also to give a plea for continued support the Bruins Big Give, our Annual Day of Giving.
2. We also had a conversation about trying to restore the social benefits of athletic fundraisers. The Athletic Department and administration have been in communication about trying to make that happen.
3. Parents, please remember the Parent Resource page is an excellent source of information for activities and opportunities we hope you would know about. We discussed some of those things – Kairos Retreat information (highly recommended for Juniors. Seniors will have the opportunity to attend for Semester 1 Kairos); college visits, and travel information to name a few.
4. The principal discussed test prep and where he and Mrs. Byrnes (Director of Counseling) hope to take that program as we move through the year.
5. If there are agenda items you would like to discuss for the next parents club, please let Mrs. Oles Smith or Mr. DiRocco know.
6. Finally, the principal encouraged parents to always make a phone call if they have a question or concern.

Q & A

Drivers ed?

Answer coming soon and will be posted to the resource page.

Does Padua offer and trades type education.

We do not. We are specifically aimed at College Prep.

Next meeting – October 3rd, 6:00 pm in the Library
